

# I held her in my arms

---

ADADADAD

A D A D  
I'm gnawing on the knowledge That I have been burnt

A D A D  
And I'm learning things that I Should've already learnt

A D A D  
Everyone I ever knew Was so kind and coy

A D A D  
I was with a girl But it felt like I was with a boy

A D A E  
I can't even remember If we were lovers Or if I just wanted to

A D  
But I held her in my arms, I held her in my arms

A E  
I held her in my arms But it wasn't you

A D A D  
I will not kill The one thing that I love

A D A D  
In this world of wreckage I look above

A D A D  
Help me Lord Help me understand

A D A D  
What it means to be a boy What it means to be a man
