

# Sugar Magnolia

---

A                      D   A  
Sugar magnolia, blossoms blooming,  
A      G      E      A  
heads all empty and I don't care.  
A              C#m          F#m  
Saw my baby down by the river,  
E                      D          A      E   A  
Knew she'd have to come up soon for air.

A                      D   A  
Sweet blossom come on, under the willow,  
A      G      E      A  
We can have high times if you'll abide.  
A              C#m          F#m  
We can discover the wonders of nature,  
E                      D          A      E   A  
Rolling in the rushes down by the riverside.

D              G      D  
She's got everything delightful,  
D              A      D  
she's got everything I need.  
D              G      D  
Takes the wheel when I'm seeing double,  
D              E      A  
Pays my ticket when I speed.

A                      D   A  
She comes skimmin' through rays of violet.  
A      G      E      A  
She can wade in a drop of dew.  
A              C#m          F#m  
She don't come and I don't follow,  
E                      D          A  
Waits backstage while I sing to you.

A                      D   A  
Well, she can dance a Cajun rhythm,  
A      G      E      A  
Jump like a Willys in four-wheel drive.  
A                      C#m          F#m

She's a summer love in the spring, fall and winter;

Come on out singing I'll walk you in the sunshine

D                            A    E    A

Oooh, come on honey, come along with me.

She's got everything delightful,

she's got everything I need,

A breeze in the pines in the summer night moonlight,

Crazy in the sunlight, yes indeed.

A                            D A

Sometimes when the cuckoo's crying,

A    G    E    A

When the moon is half way down,

B            E    B

Sometimes when the night is dying,

B            A    E    D    A    E    B

I take me out and I wander around,

A    E    B

I walk around.

B            E    B F#            E

The sunshine daydream, walking in the tall trees.

B            E    B F# E            B

Going where the wind goes,    blooming like a red rose.

E            B    F# E            B

Breathing more freely. Ride out singing,

I'll walk you in the morning sunshine

F#    E

Sunshine, daydream.
